HEALTH HAZARD INFORMATION

GRAFFITI SAFEWIPES

INGESTION: Severely irritating if towels contact inside of mouth. Although highly unlikely, ingestion will cause damage to the respiratory tract.

EYE: Severely irritating. Contact may cause redness, pain and blurring of vision. Corneal injury and burns may result unless irritating cause can be rinsed away promptly.

SKIN: Contact with wipes may defat the skin and contribute to dermatitis. The liquid product contained within the wipe may be absorbed through intact skin on prolonged contact.

INHALATION: Vapor may irritate the respiratory tract and eyes. If any discomfort occurs, discontinue the use of this product.

ADVICE TO DOCTOR: Treat symptomatically.

FIRST AID PROCEDURES

INGESTION: Never give an unconscious person anything to drink nor attempt to induce vomiting. If swallowed DO NOT induce vomiting, give water and seek URGENT medical attention.

EYE: Immediately hold eyelids open and rinse with a gentle stream of clean running water for at least 5 minutes. Seek medical advice immediately.

SKIN: Wash affected areas thoroughly with soap and water. Use water alone, if soap is unavailable. Apply a moisturizing hand cream, if available. Seek medical attention if any soreness or inflammation of the skin persists.

INHALATION: Remove affected person to fresh air and seek medical advice. Apply artificial respiration if breathing has stopped.

ADVICE TO DOCTOR: Treat symptomatically.

PRECAUTIONS FOR USE

EXPOSURE LIMITS: Alcohol: (64-17-5) 1000 ppm 1880 mg/m³

VENTILATION: Ensure that these wipes are used only in well ventilated areas.
